WORKSHOPS AND EVENTS ATTENDED

NASA Hackathon

📍 Hyderabad

It was a 24 hour hackathon where we have to create an idea and present to the committee. It was my first event.

Sensors For Industry 4.0

📍 IIIT, Hyderabad

It was a workshop conducted by IEEE Hyderabad Section. Where they have discussed importance, roles and applications of sensors in the industries.

Cadence Workshop

📍 GIET, Medchal

It was a three day workshop where we have designed some circuits and simulated using cadence tools.

Industrial Visit

📍 INCOIS, Nizampet

Industry was fully equipped with devices related to oceans to detect tsunami, floods, and there is a separate lab to monitor oceans which helps the fisherman a lot.

ACHIVEMENTS

- Got First Prize in school level koko competition
- got a vice chair position in sensor council from IEEE sreyas student chapter.
- Organized a flagship event of IEEE.
- got a elite certificate in python for data science course from NPTEL.

CERTIFICATIONS

- Embedded System Design-NPTEL
- Python For Data Science-NPTEL
- DBMS-NPTEL
